About

The Prompt Engineering Guide is a project by [DAIR.AI](). It aims to educate researchers and practitioners about prompt engineering.

DAIR.AI aims to democratize AI research, education, and technologies. Our mission is to enable the next-generation of AI innovators and creators.

We welcome contributions from the community. Lookout for the Edit buttons.

License information [here]().

We borrow inspirations from many open resources like [OpenAI CookBook](), [Pretrain, Prompt, Predict](), [Learn Prompting](), and many others.
